

### ***Racquet Technic Newsletter: Clothing News April/May 2008***

This newsletter is kept as brief as possible. It does, however, contain some useful information and links that allow you to view the ranges. There are also details of some special offers in April and May.

#### ***Ladies Products***

There are new products from At-One, Gonso, Maier-Sports, and TAO for the Spring. You can see them by downloading the brochure (see brochure section).

#### ***Mens Range***

There are new styles in the Spring range. The main new product is a traditional leisure shirt from Maier-Sports. You can see them in the download brochure, although they are only sketches. I will have some better images once the shirts have been received.

#### ***Racket Sports***

There is a section on the website with information about rackets, strings, and general topics.
