

Racquet Technic Newsletter: Clothing News June/July 2008

This newsletter is kept as brief as possible. It does contain some useful information and links that allow you to view the ranges. There are also details of some promotional offers.

Contents
Product Guides
Ladies Products
Mens Range
Promotional Offers
Next Issue

Product Guides

These are intended to show a few more details than the brochure. There are three selected products from each brand featured. The Ladies issue is available now and the mens version will be ready in June. See Brochures/Guides for links.

Ladies Products

The best method to see some of the available styles is probably to view the new product guide. There are a selection of styles for cycling, leisure, running and general outdoor use. Please remember that most items can be used for any of these uses. Please use the link below.

Mens Range

The men will have to wait a little longer to see a clothing product guide. This will be prepared during June. A link will be provided from the website, and is also shown below.

Brochures and Guides

You will be able to download these from the website, or by using the following links.

<www.racquet-technic.co.uk/rt_brochures/guide_lady_o8a.pdf> (2.1 Mb)

<www.racquet-technic.co.uk/rt_brochures/guide_man_o8a.pdf>

Note: The guide for men should be available by 21 June

Clicking on these links should open or download the files. You can also Copy and Paste the links into your browser. If you have any problems please let me know.

Website

A new clothing section has been prepared for 2008. Please use the link from the Home Page

<<http://www.racquet-technic.co.uk>>

Promotional Offers

This offer will initially only be available to newsletter subscribers, which should make it worth reading. This gives newsletter subscribers a definite advantage.

The offer for this period (June-July) is a reduction of 15% on all items. This is intended to introduce new people to the brands. It is of course extended to all existing customers.

Racket Sports

There is a section on the website with information about rackets, strings, and general topics. You can use a link from the Home Page.

Next Issue

The next edition of the newsletter will be sent to arrive by August, with details of some further promotional offers.
